

RFID Laundry Tag Dipole

Dipole manufactures all kinds of RFID tags for laundry, intended for use on various textiles.

We offer a wide range of RFID tags designed for textile products, which go through various industrial washing processes, including sterilization and ironing. They are characterized by their durability and ease of attachment.

They feature a flexible design to adapt to a wide variety of materials, and all of them comply with international standards. Optional thermoseal adhesive or fabric bag for sewing onto garments.
