

RFID Label Dipole A4

RFID A4 tag designed by Dipole for identifying products and boxes during logistical processes with the standard Din-A4 size.

The RFID A4 tag we manufacture at Dipole is easily printable and can include any type of information that the customer desires using RFID printers from any manufacturer. At Dipole, we also offer encoding and printing services so that the customer can receive their order ready to use. The tags can have different internal

ICs depending on the required memory, such as Impinj Monza, NXP G2il or UCODE, Alien Higgs, etc.

Product benefits

- Possibility of tracking the product
- Fully customizable
- Easy to use and application
- Worldwide delivery

01 The applications and preferred uses of RFID tags are:
